Yotam Feigin, Junior Programmer

Currently studying computer science at Bar-Ilan University
(3rd year, GPA > 85)

I'm a creative, witty, and down to earth individual with the ability to keep my composure when things go south

I am eager to step my foot in the Hi-tech field and start building my career.

I also possess a great sense of humor, which on his own makes me a great addition to your company

Education

Blich High School, Ramat Gan

September 2013 — June 2017

Graduated with excellence in Math (5 units), Physics (5 units), English (5 units) and Robotics (5 units)

Mathematics & Statistics, Tel Aviv University

October 2019 — August 2020

I was a student at TAU for a year in the mathematics faculty,
Then decided pure Mathematics is not for me, and i rather deal with subjects that relate more to computers.

Net4U College

Field of study : Networking, Linux, Cyber-Security and Cloud.

During the COVID pandemic, i used my spare time to complete an online course in which i learned the basics in the fields stated.

Computer Science, Bar Ilan University

Still enrolled

So far i managed to achieve a steady 90+ average in challenging mathematical coursework
